

# Career Compass

October 2023

**From The Desk of Director Principal** – Each child possesses a distinctive array of skills and talents, making them unique individuals with abilities that may differ from those of their parents. Considering this, choosing a career path similar to either parent may not be the most appropriate decision.

At Seth Anandram Jaipuria School, we are dedicated to recognizing and nurturing the individual potential of every child, guaranteeing their comprehensive growth. Our educational program goes beyond just academics; we aim to instill principles of effective leadership and empowerment in our students, preparing them for new age careers.

**From The Career Counsellor** - We highly emphasize assessment for the purpose of continuous development, enabling informed career choices. The initial stage in choosing the correct career path begins with stream selection. Psychometric tests play a crucial role in this process, helping students identify the stream that harmonizes best with their innate talents, capabilities, and passions. This lays the foundation for a fulfilling and prosperous career. We are conducting an online Psychometric Assessment for Class X in the school's computer labs, which will aid students in determining the appropriate stream and subjects for Class XI.

We regularly organize expert presentations to create a comprehensive student profile. These sessions cover topics such as the significance of career planning and emerging professions. Additionally, we extend invitations to foreign university representatives who share insights into new courses and guide students on pursuing their dreams of studying abroad. Moreover, we conduct training sessions for our educators; equipping them to support students in diverse aspects of their educational pursuits. Some such events are highlighted in this newsletter

## CUET – Teachers Training - 14<sup>th</sup> September 2023

On September 14th, 2023, we hosted a highly informative and engaging PGT Teachers Training session in preparation for the upcoming Common University Entrance Test (CUET). Our guide through this enlightening journey was Mr. Ramanuj Mishra, a distinguished educator and accomplished trainer with an M.Tech background from IIT Kharagpur, associated with Career Launcher. This comprehensive training equipped teachers with valuable knowledge and insights to effectively guide their students towards excellence in the important CUET examination. →

**"How to build a Scholarship-Worthy Profile." – Session for Class IX, X, XI by Mr Abhishek Gupta. 10<sup>th</sup> October 2023**

We had the privilege of hosting Mr. Abhishek Gupta, a well-known Career Counselor and a prolific speaker on Tuesday, October 10th, 2023! Mr. Gupta is the Founder of Asia's largest parent and high school student community - High School Moms and the visionary behind the International Alliance of Counselors and Educators, Mr. Gupta is the recipient of the prestigious Times Education Icon 2019 award for his remarkable contributions in the field of education.

During this engaging event, Mr. Gupta shared valuable insights with students from Classes IX, X, and XI, focusing on the topic of "How to build a Scholarship-worthy Profile." He emphasized the critical role profile building plays in securing admissions to top universities and obtaining scholarships. In addition, Mr. Gupta highlighted the importance of the SAT exam, which not only facilitates applications to international universities but also to approximately 50 esteemed private universities in India.

Furthermore, he enlightened the students about emerging career opportunities and discussed how diverse subject combinations from various streams can lead to lucrative career paths.

The session left an indelible mark on our students, inspiring them to contemplate their future career choices.

**Augustana University, USA- Exclusive Session- 12<sup>th</sup> October 2023**

Mr. Donn Grinager, Director of International Programs, spoke to the eleventh-grade students regarding Augustana University. Augustana University, founded in 1860, is a private Lutheran institution located in Sioux Falls, South Dakota. The university is dedicated to delivering an educational experience tailored for future innovators and entrepreneurs. At Augustana University, students are offered the flexibility to explore a variety of majors and minors while gaining valuable experience through hands-on learning opportunities, which some refer to as the liberal arts and others as preparation for 21st-century skills.

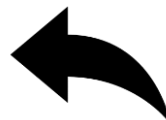

**Psychometric Orientation Class X – 13<sup>th</sup> October 2023**

Mindler conducted an online orientation session to familiarize students with the process of taking the Psychometric Assessment.
